INFORMATION SECURITY MANAGEMENT SYSTEM (ISMS) POLICY, OBJECTIVES and SCOPE

Vision

“A reliable resource and a dynamic driver of the GCC Statistical System.”

Mission

“Provide decision-makers, researchers and those interested with well-established statistical knowledge.”

Values

• Relevance • Integrity • Excellence • Professionalism • Collaboration

GCC-Stat’s ISMS Policy

GCC-Statistical System builds a unified, reliable and compatible with the International statistical standards.

GCC-Stat secure the Statistical System from unauthorized use, disclosure or destruction.

GCC-Stat implements and complies with other applicable laws including statistics laws that govern all statistical work in the GCC Countries.

GCC-Stat ensures the continuity of its operations and mitigate organizational damage in the event of a security incident by implementing appropriate controls.

All staff of **GCC-Stat** are responsible to adhere Information security policies within their prerogatives and responsibilities.

GCC-Stat’s ISMS Objectives

- ❖ Prevent Information Security Risks or Reduce it to an acceptable level as possible
- ❖ Ensure consistency in delivery of projects and manage Information Security risk in all projects
- ❖ Protect all information including statistical data, financial data, administrative and other data and not divulged to any third party without authorization
- ❖ Ensure suitable controls on environmental and physical security
- ❖ Maintain employees awareness of information security
- ❖ Continually improve ISMS based on employee feedback, incidents reporting, audit findings , technologies and any other tools and procedures
